Tuesdays-Saturdays. Continues through Oct. 30

212-431-5270

ART

The long-winded title of the Tribeca non-profit's new show, curated by Courtenay Finn, refers to a Bruce Nauman piece, though his video contribution here has him taking obsessive walking cues from a Samuel Beckett character. The other artists, too, take different approaches to the love-hate triangle between reader, author and text. Some follow characters' fictional journeys in the real world, others add to the story with pseudo-slash fiction.
