## **BOOTH FIVE**

### **PLEASE RECORD YOUR OWN STORY OF LOVE AND/OR HEARTBREAK!**

We are collecting stories from YOU about your experiences.

Who was your first love?

What was your worst heartbreak?

How did you meet your husband/wife/boyfriend/girlfriend?

What's something you always wanted to say to someone you loved but never did -- someone who broke your heart, or someone you were in love with but never let them know? (You can address them directly.)

Or choose any other love- or heartbreak-related story you'd like to share!

### **INSTRUCTIONS**

--Very clearly and slowly say your name and your email address so we know who you are and how to contact you

--Please record stories between 20 seconds and 2 minutes long

--Please look directly into the camera (don't watch the TV while you record, that's just there to align yourself before you start)

--Feel free to interview a friend or have a friend interview you, just keep each one between 20 seconds and 2 minutes, if possible

--Have fun with it! Be as dark or humorous, emotional or stoic as you'd like.

Thank you so much! We may use some of these on the [kickmyheartsass.com](http://kickmyheartsass.com) site; we'll keep you posted!

Peace-- DAVY
